Something to Think About

By F. A. WALKER

WORD "GENTLEMAN."

A FRENCH critic, discussing the recent famous battle for the boxing championship of the world, expressed surprise that so many Americans should have favored the challenger from abroad.

Perhaps if he had stopped to think for a moment he would have realized that, after all, this is in the true sporting spirit.

That spirit is at times hard to cultivate. It is natural for a city to want its home team to win in baseball, and for a college to wish to see its young giants sweep all before them on the diamond, the links and the gridiron.

"To have and to hold" is the motto of national or international sport from snatching to polo.

It is reasonable for a nation not to wish to lose any championship once it has obtained it.

Various explanations have been given of the popularity of Carpentier, the best small man who stood up to the best big man in their business in the world today.

A ray of light is thrown on the matter by a word that was used by several experts in describing the affair. They said that the Frenchman fought like a gentleman and lost like one.

This involved no reflection on the champion, because nothing of an "un-gentlemanly" nature was done by anybody on the memorable occasion in question.

The interesting thing is the use of the word "gentleman."

It is an expression that Americans have been shy of from the earliest days, partly because it conveyed a suggestion of class distinction in a country that has no "classes" and partly because the word was hard to define even in countries where it was in common use.

There is no doubt that in the strictest sense of the expression, George Washington, Thomas Jefferson and John Adams were "gentlemen."

Yet there can be equally little doubt that the first would have corrected anybody who defined him in that way by saying that he was a soldier, while the other illustrious two would have preferred to be called statesmen.

As for Benjamin Franklin, if anybody had called him a gentleman, he would have remarked probably that he preferred to be a printer.

Daniel Webster was entertained at the Jockey club in Richmond on a famous occasion. He surprised his hosts by saying that though born in New Hampshire and a senator from Massachusetts, he could give three good reasons why he could claim to be a "Southern Gentleman." And he gave these amid a storm of laughter.

In fact, it is only in the arms and the navy that the word "gentleman" survives in a technical sense. For "conduct unbecoming an officer and a gentleman" is the ground for one of the most serious charges that can be brought against anybody who holds a commission.

The great John Henry Newman, afterwards cardinal, in discussing "the idea of a university" gave a considerable part of his time to the effort to define a "gentleman."

He, of course, had no more sympathy than any American would have with the view, not uncommon in parts of Europe, that a "gentleman" is a man who has no profession or business; who has nothing to do but nothing.

In olden days a "gentleman" was supposed to be like Bayard, "without fear and without reproach; kind to women and children; gentle in peace and careless of his own safety when duty called him."

It is an interesting thing to find the word used in the case of a professional boxer.

Shrewd Traveler.

An Englishman traveled from Petrograd to Moscow with no other passport than an English tailor's receipted bill. This document of identification had a big printed heading with the name of the tailor, some English postage stamps attached and a flourishing signature in red ink. He flouted the document in the face of the officials, assuring them it was a diplomatic passport issued by the British embassy.

Beko's old stand.

THE GIRL ON THE JOB

How to Succeed—How to Get
Ahead—How to Make Good

By JESSIE ROBERTS

PUBLICITY WORK.

MANY women are making a success in publicity work, and it is a growing opportunity.

You do not need to know how to write yourself. What you require is the ability to get things into print, to know where to go for results, to handle the sort of material people are glad to hear and willing to pay for.

One way is to begin on speculation. Get something that wants publicity, and find your medium, and, if necessary, your collaborator. When you get the publicity you take the result to the firm who wanted it and are given the promised check. You may have to divide this up, but it's a beginning.

"I began in a very small way," I was told by a young woman who has just as much work as she can handle. "Just went about doing little jobs, getting something in here another bit there. I used to sit up nights thinking of original ways to exploit whatever it might be I had on hand, and I got all sorts of people to work with me on spec. Presently it began to pay, work kept on coming in. I got to know a lot of useful people, and now..."

"And there's no better fun on earth," concluded my young friend. "It is work full of variety, full of human nature. I have a partner now, and she and I are both busy every minute, and we love it. Also, we are laying out a nice little nest egg for the future, when we mean to be able to travel and see the world and be as idle as old people should be."

"What's in a Name?"

By MILDRED MARSHALL

Facts about your name, its history, meaning, whence it was derived, significance, your lucky day and lucky jewel.

REBECCA.

OF GOOD old Biblical stock is Rebecca, which is translated "noosed cord." It is said to come from the Hebrew word *rabak*—at least that was the origin of the first Rebecca, a name which seems to have been coined especially to be bestowed upon the wife of Isaac, of Biblical fame.

The Rebeccas of the world should make excellent wives, since the word *Rebka*, a later rendition of *rabak*, which means a cord with a noose, is given to convey the firmness of the marriage cord. The Septuagint and the Latin both give evidence of the name Rebecca in very early times. Another version, said to be the authorized one, makes her *Rebekah*. This latter form seems to be the one affected today by every young miss who is called by the name of the good old Biblical heroine.

Despite the religious significance which history has given to the name, Rebecca has been a great favorite with writers, who have employed her in more or less frivolous romances. Two Rebeccas who will never be forgotten by present-day readers are the "Becky" Sharp of Thackeray's immortal "Vanity Fair," and the charmingly quaint little "Rebecca of Sunnybrook Farm," which is endeared to the hearts of American admirers of Kate Douglas Wiggin.

The bloodstone is Rebecca's talismanic gem. It has the power to guard its wearer from all dangers and preserve her bodily health, and secure her consideration and respect. Moreover, it is said to guard her from deception, especially of her lover. Sunday is her lucky day and six her lucky number. The violet signifying modesty, is her flower.

A LINE O' CHEER

By John Kendrick Bange.

THE THING THAT COUNTS.

P ERHAPS my face and figure
Are neither things of beauty
Are neither things of beauty
But what of that? What paint-
ing's fame
Was ever based upon its frame?
Who judges jewels, bonds, or
stocks,
Upon the basis of the box
In which against the thief's foray
The owner stores the same away?
I care not what my figure be,
Or what the kind this face of me,
So long as in all mortal's sight
The spirit held within is right.

Electrical Power in Africa.
Engineers are considering the construction of an electric transmission line 700 miles long for carrying power from the Victoria falls of the Zambesi to the mines at Johannesburg.

New Yorkers Are Cleanly.
A noted German surgeon, visiting New York, was asked what impressed him most.

"The cleanliness of the people as a mass," he said. "Everybody in your crowded subways seems accustomed to daily baths and to wear freshly laundered linen. Otherwise your subways would be unendurable."

Burglars Don't Seek the Light!

Darkness is their stock in trade. They work by stealth—unheard and unseen—their movements cloaked in secrecy. It's honest folks that see the light. They are the only ones who can risk it.

It's the same way in business. The merchant who is not sure of his goods does not dare to advertise. Advertising would hasten the end of his business career—put him to a test he could not meet.

The merchant who advertises, deliberately invites your inspection. He tells you about his product and then lets it stand on its own merits. You can depend on him. He knows his product is good.

That's one reason why it pays you to read the advertisements in THE BONANZA. It is through advertising that you are able to keep in touch with the good things that progressive business houses are spending their money to introduce and keep before you.

Advertisements are interesting, instructive and profitable. They throw a powerful light on the very things that concern you most. READ THEM!
